Please sign below after reading this information.

I understand that a Sound Therapist is not a doctor and cannot prescribe, diagnose, or treat for any condition. The treatments provided are for the purpose of relaxation and should not be construed as a substitute for medical exams, diagnosis, or treatment by a physician or other medical professional. Receiving sound therapy does not require that I stop any medications prescribed by a physician, nor does it suggest that I should refuse care of a medical professional. I affirm that I have stated my medical conditions and answered all questions honestly, and that I have read and understand this disclaimer.
